### **Our Current Work**

- Application Reviewer Training held in January.
- Charter Academy #3 session held in January for Year 0 schools.
- Authorization staff gearing up for application reviews.
- On January 31st, Megan Lima facilitated a full-day PREPaRE Training for our schools. The turnout and participation was fabulous! This important professional development is designed to support schools in creating action plans for crisis response. We cannot anticipate and/or plan for many things, but if we have the proper plans and procedures in place, we can prepare for many scenarios.

### **A Look Ahead**

- We have officially begun our District FY25 Comprehensive Needs Assessment. As we begin to budget funds for the next school year, we are having rich, purposeful internal conversations to brainstorm school-level and district-level activity needs to guide our budgeting process. Our schools walk through this process annually... and what you may not know is that our District team does as well!
